Dear Mr ^{Bell}~~Huang~~

On behalf of the Australian Government, I wish to congratulate TAAU Australia on winning the *AusIndustry Emerging Exporter* category at the 2003 Northern Territory Export Awards.

The accolade is extremely well deserved.

Northern Territory exporters such as TAAU Australia are key drivers of economic growth and prosperity. You make an extraordinary contribution to Australian business, and inspire others to succeed in a world that is increasingly competitive and technologically advanced.

The Government is proud to have sponsored the Awards through its business unit, AusIndustry. AusIndustry delivers nearly \$2 billion worth of financial incentives each year to help Australian businesses become more innovative, investment ready and internationally competitive.

Once again, congratulations. I wish you well for the Australian Export Awards in Sydney on 12 November.

Yours sincerely

Ian Macfarlane
